THE LATEST INFAMY.

We take the following despatch from the columns of the New York *Tribune* of yesterday:

The Constitutional Amendment—Proposition for Immediate State Action.

PHILADELPHIA, Thursday, June 14, 1866.

After the Senate adopted the Constitutional amendment, just concurred in by the House of Representatives, Governor Curtin addressed a circular letter to the Governors of all the loyal States, suggesting the propriety of Union in action in calling together their legislatures for the ratification of that amendment. It is now understood that such uniform action will be had and that before the adjournment of Congress a ratification of the amendment will be made.

We had more than once heard a hint that a scheme, of the kind here boldly avowed, was in contemplation and had long been a matter of secret discussion in the councils of the radicals. But we did not believe it. It seemed incredible. There was nothing in Governor Curtin's recent political course on which to ground a suspicion that he would lend himself to such a shameless work, but, on the contrary, there were many things to justify an assured conviction that he would spurn any connection with it. But it seems that we were mistaken. We honored him overmuch. He has not merely given his assent to this base scheme for forestalling the judgment of the people upon a question of vital interest to them and their posterity, but has taken the initiative in it, and appears before the public as its author. Let us consider what it is he proposes to do.

It will be remembered that the Legislature of Pennsylvania, which he proposes to convene in special session, was not chosen by the people in anticipation that any such amendments to the Constitution as those which have recently passed congress would be submitted to it. We venture to assert that not a single candidate for a seat in that body dared to avow himself, pending the election, an advocate of negro suffrage. We know positively that every Republican who was chosen did his best to convince his constituents, when he solicited their suffrages, that no such purpose as that of enfranchising the blacks was in contemplation by his party.—There cannot be a doubt that had the people understood that this question was an immediate and practical one, that it would come up for settlement by their representatives before another election and that by choosing a Republican Legislature they would give their assent to the establishment of negro equality within their own borders and throughout the land, they would have cast such an overwhelming Democratic vote as would have left their opinions in no doubt. But they were deceived, and the party which got control of the Legislature got it on a false pretense. Their hypocrisy was all along manifest to us, but we did not suspect them of a design so outrageous as that which Governor Curtin's circular foreshadows.

It is now proposed to take away from the people the opportunity to say 'yea' or 'nay' to questions of nearer concern to their rights and interests than any that have ever been presented to them since the Constitution was formed.—Their judgment is to be anticipated. A partisan Legislature is to be called together, in special session, to hurry through a work which dare not be trusted to their successors, who will be elected with open eyes and a full knowledge on the part of their constituents of the interests which will depend upon the choice they make. The Washington *Chronicle* declared last winter that if the Republicans should go before the people of Pennsylvania upon the issue of negro suffrage they would be beaten hopelessly and everywhere. In this declaration lies the secret of Governor Curtin's haste. It is hoped by giving a speedy ratification to the amendments not only to assure their adoption, but to take the questions which they involve, and which the Radicals dare not meet in the campaign, out of the arena of discussion.

No grosser violation of the spirit of the Constitution than this was ever conceived, even by the party which have distinguished themselves by their contempt for it. The provision which requires amendments to be submitted to the Legislatures of the respective States is, of course, designed to secure an expression of the sense of the people of each State, speaking through their representatives. But, here, the Legisature is summoned to Harrisburg to decide a question of vital importance upon which the people of Pennsylvania have not passed, and have had no opportunity to pass, judgment. This is a fraud—a gross and palpable fraud—one which must rouse the indignation of every honest breast.—We hope that it will be exposed and denounced as it should be by the whole Conservative press of the Commonwealth. It is the latest and basest of those multiplied outrages upon law, justice, and decency, by which the Republican party has hitherto managed to maintain its power. We protest against it, not merely because of its intrinsic wickedness, but because of the strife it promises to engender—the stormy future which it forbodes for this country. Because we would not see revolution, we protest with all the might that is in us against an outrage which it would almost seem is intended to provoke it.—*Age.*

WHY GEARY CANNOT BE ELECTED.

The Philidelphia *Daily News*, a Republican newspaper, which is as well known as any in this State, very plainly intimates that General Geary does not stand a shadow of a chance of being elected. It declares that thousands of sensible Republicans know that the platform on which he stands will be repudiated by the people of Pennsylvania and the candidate with it. We make the following significant extract:

When General Geary was nominated, a series of resolutions was passed by the Convention which nominated him as the candidate of the "Union" party, and these resolutions contained matter vey different from the declaration of principles made at Chicago when Lincoln and Hamlin were nominated, and at Baltimore when Lincoln and Johnson were nominated. They also contain assertions concerning the course which President Johnson has pursued which are false in point of fact and grossly offensive in language. There cannot be a doubt that those resolutions were intended to widen the breach between the friends of the Federal government, and the revolutionists who are striving to subvert the Constitution.

After the nomination was made we called upon General Geary to repudiate the offensive resolutions, but thus far he has not done so. There is yet time, but we can see no good reason for delay nor any fair one for refusing principles which now divide the conservative to state his views candidly to the people. The portion of the Union party from the radical element are of such importance that they cannot be ignored at a time *when the very life of the Republic is at stake.* The silence of General Geary warrants the impression that he intends to stand upon those resolutions, and it is certain that they are not *the platform of the Union.*

It is folly for any one to flatter himself with the belief that the radical element alone can carry an election in Pennsylvania, even if the conservative Union men should simply refrain from voting. If any friend of General Geary will take the pains to calculate the percentage of votes which the party now dominant in the State can afford to lose, without incurring the certainty of defeat, he will find that it is very small; and if he will then estimate the number of votes which the party whose popularity has mainly depended upon its being *the Union party* will lose by taking an attitude of hostility to the Union, he may be able to form a judgment as to the prospects of General Geary's election, if he shall persist in standing upon the Harrisburg resolutions.

WHAT THE SOLDIERS OF PENNSYLVANIA FOUGHT FOR.

The Philadelphia organ of the Senate's "foul whelp of sin" informs its readers that "several hundred thousand" soldiers from Pennsylvania went to the South to fight for negro equality, and that the sham convention recently held in Pittsburg to assert this fact represented the sentiment of the "several hundred thousand" Pennsylvanians who took part in the war. No one expects *Forney* to tell the truth, but does not the Senate of the United States pile infamy upon its head by paying such a slanderer to libel the Pennsylvania soldiers?

The master who directs a hireling servant to commit an act of villainy is as guilty of the baseness as the scullion who does the foul work; and the Pennsylvania volunteers who risked everything in defense of the Constitution will not forget the insult offered them by that branch of Congress. It would not be well for any senator, nor for the Senate's *clerk, forney*, to tell a Pennsylvania soldier to his face that he joined in the invasion of the South and killed Southern men for the purpose of forcing negro equality upon the country. While the war lasted, *forney*, and the Senate, too, told them they were fighting to *preserve the Union.—Phila. Daily News, (Rep.)*

SLAVERY IN MASSACHUSETTS.

Moore's "Notes on the History of Slavery in Massachusetts," just published by the Appletons, is an interesting and timely work. It appears from unimpeachable data, that of all the stringent slave codes which have existed in this country, that of the Commonwealth which claimed two hundred years ago, and claims now, to be a moral prodigy, was the most arbitrary, godless and cruel. But this is not all. Mr. Moore shows that the laws establishing slavery in Massachusetts were never formally repealed, and that it only ceased to exist there by reason of the dying out or removal of the negroes! It seems, therefore, that the old Puritan Commonwealth was, in point of law, a slave State until 1866, when the Constitutional amendment terminated slavery forever within the limits of the United States.

"Do you know the prisoner, Mr. Wiggins?" "Yes, to the bone." "What is his character?" "Didn't know he had any." "Does he live near you?" "So near that he has only spent $5 for fire wood in eight years."

AT the recent trial of Gallagher, in Boston, for murder, the first jury that was called was a negro. It was supposed that the negro would be challenged, but he was not.

REPUBLICAN LIBERALITY.

Nothing in the party of "great moral ideas" is more striking than their liberality in spending other people's money. Mr. Thaddeus Stevens sees no objection to clapping a trifle of "twenty *or* fifty millions of dollars" on the back of our existing national debt, merely as a testimonial of our national sympathy with Senor Juarez and Mr. Romero. "Thirty millions," more or less, is nothing to Thaddeus Stevens, and, in fact, it is but a paltry sum, being only about five times as much as is necessary for the support of the national Executive, Legislative, and Judiciary, with the governments of all our Territories.

Such being the magnificent temper of its leader, the party of "great moral ideas" makes no difficulty about voting Captain Fox the use of an iron-clad and $200,000 in money to make a pleasant summer-trip to Europe, while hardly a week passes by that the Secretary of War or the Secretary of State does not order a "special train" for some distinguished individual on his way to dine at Washington, the cost of the train, if not of the dinner also, being defrayed out of the national exchequer. General Dulce was thus entertained the other day, and very possibly Santa Anna may be thus entertained next week.

In England they are growling over the expenses incurred in carrying "Serene Highnesses" about the country to visit the Queen and make love to Her Majesty's daughters. Our republican court is much more magnanimous, spends money more freely, and, as we are a great and liberal people, is never bothered by impertinent investigations into its little bills and running accounts.

GEARY'S BRUTALITY.

The *True Democrat*, a paper sailing under false colors, and set up by two strangers in this community, not satisfied with advocating the most degraded negroeracy and disunion principles, or fighting like the Kilkenny cats with its kind, meanly and cowardly tries to defame, behind their backs, men born here. A gentlemen of the highest respectability visited York, his native place, last week after an absence of 49 years. He was cordially received by his numerous relatives and old acquaintances. But as he came from Virginia, the malignant Yankee editor of this libellous sheet makes a foul and false attack upon him. The cause of this attack upon Mr. Peter Hartman was that while in company with his friends, he related as a part of his experience of John W. Geary, the following incident, which is not very creditable to the Disunion candidate for Governor:

Gen. Geary, while in command in the neighborhood of Mr. Hartman's place, in Virginia, entered upon it, took his cattle and his sheep, destroyed his fences and burned his barn. Mr. Hartman knowing the General, being both Pennsylvanians, and we might almost say, neighbors, approached him, and expostulated with him: "General, how is this? What have I done?" To which Geary insolently replied: "Ask me no questions, sir," and wantonly and wilfully allowed the destruction and depredation to continue.

We submit to the people of this community whether Mr. Hartman or John W. Geary, is most entitled to their sideration.—*York Press.*

DAN RICE'S ELEPHANT ON A "TEAR."

Our readers will remember the elephant "Romeo," with Dan Rice's show, which was in this city a week ago. This animal for some time has been showing indications of a spirit of insubordination. He showed a bad disposition on the road between Carbondale and Mt. Pleasant, refusing to turn out for teams, &c., Arriving at New Milford, and still being unruly, Rice concluded to subdue him, and for this purpose they chained his hind legs to a tree, and endeavored to fasten a rope to his fore leg, and by these means throw him. After many fruitless attempts, the effort was successful. The rope was attached to a tackle, and sixteen men combined their strength to pull him down. He fooled them.—With a blow of his trunk he released his fore leg, and by a tremendous effort broke the chains. The men scattered in all directions pursued by the animal. One of them saved his life by bounding over a fence, and the elephant, for satisfaction, threw down a long span of it.

At 11 o'clock they had managed to throw him, and with clubs and spikes were endeavoring to subdue him. Some fifty shots were fired and took effect in his trunk and other portions of his body, but they were only flea bites, and were but skin deep.—*Scranton Herald, June 9.*

JUDGE ERSKINE, of Savannah, has rendered a decision affirming the unconstitutionality of the test oath, required of lawyers practicing in the United States Courts. Thus far all the judges of acknowledged standing as lawyers have concurred in this view of the case. Judge Durell has declared his opinion to the same effect, but hesitates to give the bar the benefit of that opinion out of deference to the Supreme Court of the United States, which has postponed the decision of the question. It is but fair to the bar, as well as to clients, that this question should be definitely settled at an early day. The country has a right to a speedy judicial adjustment of this question.

A WORD TO DEMOCRATS.

It is now time that Democrats everywhere, should begin the work of organizing and getting ready for the coming campaign. They should immediately form active working clubs in each election district in the county and State. Brethren of the same political faith form a close union with each other, and actively engage in the great contest that must be decided at the polls next October. What we want more than anything else, is organization, and unless we have it, close vigorous, and active, we cannot hope to succeed. We believe there is a large Democratic majority in Pennsylvania, but it cannot be made effective at the polls without a well organized effort to bring it out. In no other manner can we counteract the powerful organization of the Union League, which spreads over the country like a great net work. The campaign will open in July, and before that time our forces must be on hand to take an active part in the contest. Organize then, everywhere, and that without delay.

A RUMOR comes from Washington that a person who now calls himself Campbell, although he acknowledges having appeared before a committee of Congress under another name, is prepared to make a statement that the testimony of himself and others, before the military commission which murdered Mrs. Suratt, in relation to the complicity of Mr. Divis and others in the assassination of Mr. Lincoln, was false. It needed no Daniel come to judgment to tell us this, but the disclosures of this man Campbell are interesting if true—which they may, by possibility, be. He states that the evidence was manufactured by one Conover, who got up the whole thing, and arranged the part that each of the confederated perjurers was to play in order to secure the success of the scheme. Campbell claims that it is his exposure of the matter, before the House Judiciary Committee, which induced them to abandon the idea of proceeding against Mr. Davis for murder.

What a flimsy web it must have been if the testimony of such a precious scamp as this sufficed to "knock it to atoms!"

As Congress has got through reconstructing the country, and hasn't anything particular to do, it would be, perhaps, a good idea to appoint a committee to investigate this man Campbell.

THE NEW CITY OF SCRANTON DEMOCRATIC.—The first election in the new city of Scranton, Luzerne county, was held last week and resulted in a most splendid Democratic victory. E. S. M. Hill the editor of the *Register*, a staunch Democratic journal, was elected Mayor, by 189 Majority. All the other Democratic candidates on the city ticket, except one, were elected. In the Select Council is a tie, but the Democrats have four majority in Common Council.—The territory embraced within the limits of the new City gave a very large Republican majority last fall, and so sure were the disunion abolitionists that they would carry this election, that we are told large bets were made by them on 500 majority. The spring flood is still flowing and the rumbling of Thad Stevens' earth quake is louder. The storm will be still more disastrous in the fall. "Clymer and the Union," will sweep away every vestige of fanaticism. Keep the ball moving.

HENDERSON, of Missouri, introduced a bill on the 11th, which was referred to the Committee on Agriculture, providing for the establishment of a "repertory" in Germany, (at Frankfort-on-the-Main,) to illustrate the physical, political and social condition of the several States of this Union, and to furnish a rendezvous for American travelers. This latter would be very convenient for gentlemen of means and leisure. There is to be a Superintendent at a salary of $3,500 a year; an assistant at $2,000; a janitor at $1,000, and an appropriation for the first year, for rent and other expenses, of $23,000—total $29,500. The liberality (!) exhibited by the Rump thieves would incline a stranger to think that every individual taxpayer in this country owns a gold mine or a greenback printing press. It is a great mistake, however.

SPRAGUE, the calico Senator from Rhode Island, introduced a bill on the 11th, to reimburse Massachusetts for war expenses. That's cool, considering that she has already had one pull upon the treasury. Somebody had better introduce a bill now to reimburse Holland for the Dutchmen who were imported as laborers by agents of that State, and then humbugged, kidnapped and forced into service to fill the State quotas. Holland has the best claim, and South Carolina darkies the next. The third claim is held by one of the agents who filled one entire quota with naval paper-credits.

THE Somerset *Democrat* says that the soldiers of that county were humbugged into a Geary packed convention, under the impression that the subject of action was bounties. Many, thereupon, withdrew in disgust. The *Democrat* endorses the proposition for a Soldiers' State Convention in Harrisburg to support Hiester Clymer.

MARRYING a woman for her beauty is like eating a bird for its singing.

BREAD AND BUTTER.—Hall, in his *Journal of Health*, gives the following bit of wisdom:

Bread and butter are the only articles of food of which we never tire from early childhood to extreme old age. A pound of fine flour or Indian meal contains three times as much meat as one pound of butcher's roast beef; and if the whole product of the grain, bran and all, were made into bread, fifteen per cent more of nutriment would be puded. Unfortunately the bran, the coarsest part of which gives soundness to the teeth and strength to the brain, is generally excluded.

Five hundred pounds of flour give to the body thirty pounds of the bony aliment, while the same quantity of bran gives more than one hundred and twenty-five pounds.

The bone is lime, the indispensable aliment of health to the whole human body, from the want of the natural supply of which multitudes of persons go into a general decline.

But swallowing phosphate in the shape of powders or in syrup, these declines have little or no effect. The articles contained in these phosphates must pass through nature's laboratory and be subject to her manipulations in alembics specially prepared by Almighty power and skill. In plainer phase, the shortest, safest and infallible method of giving strength to the body, bone and brain, thereby arresting disease, and building up the constitution, is to eat and digest more bread made out of the whole grain, whether wheat, rye or oats.

A great excitement was created among the adherents of the negro Bureau in Mobile, a few days ago, by the marriage in that city of a former slave of General Beauregard's to a white woman, by the name of Jones, and a teacher of the freedmen. The couple have left for the home of the woman's parents in the North, where there will doubtless be a great jubilee over this manifestation of Civil Rights when the pair arrive. As the unfortunate female's parents were doubtless Abolitionists, and are now in Radical faith, they cannot but be rejoiced at the progress that has been made by their docile offspring. But, seriously, this case presents the light of a public affront, and comes under the laws of Alabama that declare miscegenation a penitentiary offence.

THE Conservative Republicans of Iowa have issued a call for a State Convention, to be held at Des Moines on the 27th of the present month, for the purpose of nominating State officers, and concluding the organization of a party opposed to the revolutionary and destructive doctrines and practices of the Radicals. In noticing this movement an Iowa exchange says: "The names appended to the call will be readily recognized as including those of the best men in Iowa. These names show that the movement is one which includes the better portion of all those who have hitherto acted with the Republican party. They demonstrate that the decent portion of Republicanism can no longer tolerate companionship with the dishonest, fanatical, impracticable men who compose the Radical wing of Iowa Republicanism."

THERE is a magistrate in a town in Indiana named Helser. A clergyman in the same place was called upon by a young couple not long since, wishing him to join them in the holy bonds of matrimony. He asked the bridegroom, (a soldier by the way,) for his marriage license. The man in blue said he had been engaged to his girl for four years, and thought that would do. Clergyman thought not, and remarked as the speediest way to obtain license, "you had better take your girl and go to Helser." "You can go to h—l yourself," retorted the veteran, and without further advice he left his presence.

FAILED TO COLONIZE.—It seems, says the New York *News*, that the colony of freedmen, sent out to Hayti by the United States Government in 1863, has proved a failure. The colonists, four hundred and fifty-three in number, have been brought back to the United States, and the parties who got up the scheme are now petitioning Congress to reimburse them the amount expended in bringing the negroes back, etc. Their little bill is only eighty thousand dollars!

THE most agreeable of all companions is a simple, frank man, without any high pretensions to an oppressive greatness; one who loves life, and understands the use of it; obliging alike at all hours; above all, of a golden temper, and steadfast as an anchor.—For such alone we will gladly exchange the greatest genius, the most brilliant wit, the profoundest thinker.

ANOTHER "loyal" thief has "gone up" in the person of one T. C. A. Dexter, late a supervising Treasury agent in Alabama. He has been convicted of appropriating 3,344 bales of Government cotton to his own use, and sentenced to pay a fine of $250,000 and to be confined in the Nashville penitentiary for one year or until the fine is paid.

GRANDMAMMA.—"Well Charley what have you been learning today?"—Charley—"Pneumatics, Gramma, and I can tell you such a dodge. If I was to put you under a glass receiver, and exhaust the air, all your wrinkles would come out as smooth as grandpapa's head!"

"GIVE us the run of the Treasury till 1870," say they, "and you can take what we leave there at that time."—Such, in brief, says the Hartford *Times*, is the policy of the Radicals as unfolded in their constitutional amendment.

WHY are husbands like dough? Because the women knead (need) them.

CLYMER AND THE CONSTITUTION.

Grand Mass Convention of the Eastern and Central Counties of Pennsylvania.

A Grand Mass Convention of the friends of Johnson, Clymer, and the Constitution, will be held

AT READING,

On Wednesday, the 18th day of July, '66.

All who are in favor of the *immediate restoration of the Union to its original purity.*

All who believe that *The Constitution of the United States is the Supreme Law of the Land.*

All men everywhere who are opposed to committing the destinies of 30 MILLIONS OF WHITE MEN to 800,000 NEGRO VOTERS, all who are opposed to

Negro Legislators, Negro Judges and Negro Jurors in Pennsylvania.

and especially those *brave men* who perilled Life and Limb to defend and uphold the Government of their Fathers, and not to create a new nation in which the *Negro* is to be our social and political equal, are invited to attend.

The Crisis of our Country's Destiny is upon us. The patriot Andrew Johnson tells you that the *traitors*, Thaddeus Stevens and Charles Sumner, are trying to destroy our system of Government, the Government that Washington and Jefferson gave us, the best Government the world ever saw, and to establish in its place a *Consolidated Despotism*, controlled by New England fanaticism.

"CONSOLIDATION IS AS DANGEROUS AS SECESSION."—*Andrew Johnson.*

The most distinguished Democrats and Conservative Statesmen of the country will be present and address the Convention.

The President and the Union members of the Cabinet have been invited.

Excursion Tickets will be issued on all the Railroads.

By order of the Democratic State Central Committee.

J. D. DAVIS, Chairman
Democratic Standing Committee of Berks County.
WM. ROSENTHAL, President
Democratic City Club of Reading.

Democratic papers are requested to copy.

COL. MCCLURE has employed Mrs. Swisshelm as a correspondent for his paper. Judging from the *Repository's* fear of President Johnson, we had thought that there was sufficient old grannyism in that paper without the addition of the twaddle of that miserable old scold, Mrs. Swisshelm. But termagants like Anna Dickinson and Jane G. Swisshelm furnish the ideas of the Thad. Stevens faction, and the "Republican" party of the present day is emphatically under petticoat government.

SOME districts have not yet moved in the way of getting subscribers to the "Campaign Climber." We will send specimen copies of the first issue to every township and borough and hope that no district will be without a club of at least 20.

THE WHITE MAN'S LIBERTY VINDICATED!

The Supreme Court Decides that no Man can be deprived of Citizenship, as a "Deserter," until he shall have been Tried and Convicted of Desertion!

Thus Falls the last Prop of Disunion Abolition Tyranny!

Shout, Boys, For We've Got 'Em!

We have met the Enemy and they are ours!

The Supreme Court of this State in session at Wilkesbarre, on the 20th inst., affirmed the decision of his Honor, Judge King, of this Judicial District, in the case of Huber vs. Rankin, the issue being whether a Judge of Election can refuse to receive the votes of citizens "marked" as "deserters." It will be remembred that Judge King decided that Judges of Election are bound to receive the votes of such persons, on the ground that they (the latter) had never been tried and convicted of desertion before the proper tribunal, and that no citizen could be deprived of life, liberty or property, except by due course of law, upon a trial before a jury of his peers. The Supreme Court, in affirming this decision of Judge King, have but given us another proof that an upright judiciary is the surest safe-guard of the constitutional rights of the people. Malignant legislatures may trample their own constituents under their feet; partizan governors may attempt to rob the people (whose agents they are) of the dearest rights the law has left to man; but, the Judiciary, sitting far above the reach of the beggarly influences which move politicians and demagogues, comes to the rescue and delivers the people from the grasp of those who would oppress them. In the name of liberty, let us thank the pure and fearless judges who dared to proclaim the rights of the people as against their would-be oppressors. This is no party victory. It is the triumph of the great principle which underlies our whole political fabric. It is the reassertion of the great doctrine that under our Republican form of Government, no citizen can be deprived of his constitutional rights, without due process of law and a trial by a jury of his peers. It matters not which party gains by it. *The principle* is what we contended for and the success of the principle, is what we exult over. We helped to fight the battle for the sake of the rights of "Republicans" as well as Democrats. There are, perhaps, nearly a hundred "Republican" voters in this county, who would have been disfranchised, had the demagogues who lead the so-called "Republican" party, succeeded in their infernal purpose. They would have been no better than negroes, to-day, if the men who control their party had had their own way. But the right has triumphed and white men are still white men, in spite of the Negro Congress, our malignant Legislature and—Gov. Curtin.

A FRAUD UPON THE PEOPLE.

A most important change is proposed to be made in the fundamental law of the Republic. Congress has submitted to the State Legislatures an amendment to the Constitution, which, if adopted, will change the basis of popular representation in Congress and will give the blacks the right of suffrage. These are momentous issues and ought to be fairly, reasonably and thoroughly considered by the people.—Should the amendment referred to become a part of the Constitution, the frame-work of our government will be materially changed. Yet demagogues like Gov. Curtin and the Radicals in Congress are now striving to forestall the judgment of the people, by having the old legislatures, elected without reference to the questions involved in the amendment, pass upon this all important subject. Shall *the people* be thus defrauded? Shall the Constitution be amended in its most vital part, our government altered in its great feature of popular representation, our Republican system risked in the hands of a new class of voters, without consulting the people, the source of all governmental authority in this country? Let Gov. Curtin and his Radical gubernatorial co-workers try this business if they dare. If they and all who side with them in such a fraud upon the people, do not sink to the lowest depth of political infamy, then there remains neither self-respect, nor sense of justice in the popular understanding.

THE last hope of the Disunionists is gone. They had foudly expected to carry Pennsylvania by disfranchising enough voters to give their ticket a majority. The Supreme Court has spoiled that little game and Pennsylvania will now repudiate them by 20,000 majority.

IT is estimated that if Gov. Curtin should call an extra session of the Legislature, for the purpose of ratifying the proposed Negro Suffrage amendment to the Constitution, the job will cost the State the neat little sum of $500,000.

DISUNION COUNTY CONVENTION.

The Thad-ite faction of the late "Republican" party, met in County Convention, in this place, on Tuesday last. The machine was run principally by our friends Maj. Washabaugh and C. W. Ashcom, Esq. After much wire-working and button-holing, a ticket was put up to be knocked down in October. The candidates selected for the sacrifice are as follows: Prothonotary, J. W. Lingenfelter, Bedford bor.; Sheriff, N. C. Evans. Colerain; Commissioner, Samuel Shafer, Union; Poor Director, H. H. Fisher, South Woodberry; Auditor, J. R. O'Neal, Monroe. Our friend Maj. Dibert had thirty-four delegates instructed and pledged for him for Sheriff, whilst his opponent had but fourteen, but the wire-workers soon "fixed up" enough of the thirty-four to give Evans a majority of four. But such is the way of the world. "Surely all flesh is grass." But the grand fight was for the nomination for Representative.—The candidates were Col. John H. Filler, Capt. John S. Stuckey, J. R. Durborrow, Esq., and Hon. G. D. Trout. As in the case of Mr. Dibert, Col. Filler had a clear majority of the Convention pledged to him, but on the first ballot received 21 votes—necessary to a nomination 25. The Convention instructed for Mr. Householder for Senator, by what vote we did not learn. When we say that there never was so much disappointment and bitterness among the "Republicans" of this county, as was produced by the conduct and nominations of this Convention, we only say what every man in this community knows to be true. But be the nominations bitter or sweet to our opponents, they are destined to be beaten by an overwhelming majority. The "dead march" played for the benefit of the Convention, by the "Republican" Brass Band, was very appropriate to the occasion.

WE learn that there is still considerable discussion in the ranks of the Disunion Thads, as to whether Geary ought not to withdraw. The prospects of Clymer's election are very bright, whilst every day brings renewed evidences of Geary's unpopularity, hence the Thads are seriously cogitating upon the subject of Geary's withdrawal, and we should not be at all surprised if the redoubtable General were soon to receive a written request to get out of the way for a new candidate. Of course, we hope he will insist upon remaining on the track. The hero of the Harper's Ferry spittoon, is the very man we can whip the easiest, notwithstanding the fact that he made a very *clean run* from Snickersville, when he imagined Stonewall Jackson was after him. Besides he is a "Democrat without a prefix, or an affix," and if he should happen to be elected, we can easily show him a good reason to imitate Andy Johnson. Therefore, we hope the Thads will not think any more of withdrawing him.

HOW DO YOU LIKE IT, SOLDIERS? You who fought *for the restoration of the Southern States to the Union*, how do you like the programme adopted by Congress to keep those States out of the Union? How do you like the expenditure of millions to keep up the Negro Bureau, whilst you and your families must eat your bread by the sweat of your face? How do you like the continual, persistent and endless legislation by Congress for the blacks, whilst not a single enactment is made for your relief? How do you like the doctrine of the Radicals that you fought for Negro Suffrage and the Equality of the Races, instead of for the Union and the Constitution? If you like all this, vote for Gen. Geary. If not, cast your ballot for Hiester Clymer, the candidate of the Union men of Pennsylvania.

THE Congressional contested election case of Fuller vs. Dawson, has resulted in Dawson's retaining his seat. The case of Koontz vs. Coffroth is now under consideration by the committee on elections. It is uncertain which will obtain the seat, but the Democracy have had the vote and influence of Gen. Coffroth during the last six months, and even should the Abolition majority finally rule him out, they will gain but little by it, as the important work of the present Congress, the Reconstruction business, has been disposed of.

NEBRASKA has gone Democratic.—The Democratic majority in the Legislature, on joint ballot, is 8, securing the election of two U. S. Senators.—Last year the "Republican" majority was 1,000. Babylon is fallen! Hurrah, boys, hurrah!

OREGON is redeemed! The latest returns give the State to the Democrats by 400 majority. The Legislature is Democratic, and there is a Democratic gain of one Congressman, the only one elected by the State. The ball is rolling.

STILL they come! The Selinsgrove *Post* informs us that a large meeting was held in Beaver, on the 5th inst., by the friends of President Johnson in the Republican party, at which Hon. Archibald Robinson (a life long Whig and "Republican" presided, and Maj. Chas. H. Shriner, of Union county, delivered a lengthy and able address. The meeting adopted resolutions endorsing President Johnson and complimenting Senator Cowan. Maj. Shriner, who spoke at the meeting, is the same who made speeches for Curtin in this county, in 1863, and who ran as the "Republican" candidate for Senator in the Lycoming, Union and Snyder district in 1864. As the "Republicans" in this county appeared to be greatly delighted with Maj. Shriner's speeches in 1863, we hope they will send for him to stump the county this fall. Let us have Shriner by all means.

GOLD at $1.50! Gold at $1.60! Gold at $1.70! What is the reason of the rise in gold? The question is easily answered. Thad. Stevens' obstructive, destructive Reconstruction Committee has reported and the Dissolution of the Union is to be continued until the Constitution can be cobbled into the shape the Disunionists want it. As long as we have eleven Irelands, eleven Hungarys, eleven Polands in the South, governed by the satraps of the Negro Bureau, we cannot get things into their normal condition. Just so long as Thad. Stevens' policy keeps up Disunion, just so long will we have an inflated currency, disordered finances, oppression of the consumer and the poorer classes and death to trade and legitimate business of all kinds. The people have it in their power to help themselves, if they will but do it.

As nearly as we can compute about eight motions were made yesterday, in the house, to increase the salaries of as many officers, and most of them were agreed to. Will there never be an end of this? We suggest that some member propose to reduce somebody's salary. He would be sure to create a sensation if he did not save anything to the treasury.—*N. Y. Daily Tribune, of June 10, 1866.*

Even Horace Greeley, the most insatiable old vulture of all the flock that have glutted themselves on public plunder during the last five years, is at last becoming alarmed at the profligacy of his associates. An unsophiscated reader might suppose the above paragraph to have been prompted by an honest desire for public economy.—Those who are acquainted with Greeley will understand that it was prompted solely by a desire for radical success at the elections. Horace sees the "handwriting on the wall," and is constrained to warn his fellow plunderers that they must be more decorous in their plunderings or there will be "earthquakes about."

COL. FILLER had, on the last ballot in the "Republican" Convention, a clear majority of all the votes cast, as follows: two votes from each of the following named districts—Bedford borough, Bedford township, Colerain, C. Valley, Southampton, Londonderry, Harrison, Schellsburg, Coaldale, Hopewell, Juniata, Liberty; and one from Broad Top and one from Union; making, in all, 26 votes, or one more than necessary to a choice. *This can be established on oath.* We understand that the tally was kept by but one of the Secretaries of the Convention. The friends of Col. Filler would like that gentleman to explain how, under this state of facts, a majority was figured up for Capt. Stuckey?

THE decision of the Supreme Court on the law disfranchising deserters will make hundreds of thousands of hearts beat high with hope and confidence. Patriotic and law abiding people of all parties, will rejoice that there is still one barrier between them and ruin, which fanatical legislatures cannot sweep away. All hail to an uncorrupted and incorruptible judiciary! It has always been the strongest bulwark of liberty, and we trust it will remain so until the end of time. The courts, thank God, both State and Federal, are dealing heavy blows at the intolerant and unconstitutional legislation that blackened American history during the last four years.—May they continue their work until not a stain remains.

THE Rockingham *Register*, published at Harrisonburg, Va., has been greatly enlarged and improved. It is now printed on a Potter Cylinder Press (same as that upon which the GAZETTE is printed) and is a perfect specimen of typograpical neatness. It is edited with great ability and spirit. Should any of our readers desire a paper from the Valley of Virginia, we recommend the *Register*.

THE "Republican" party is now divided into Thad-ites and Andy-crats.—What new division there will be among them by the time they are Geary-ized we are unable to foretell.

Do Democrats ever think of the value *of one vote*, and how easily they may make that one vote if they but determine to do it? Every grain of sand is a part of the shore; every wave is a portion of the deep; as the momentum of one wave carries others with it, and finally encroaches upon the shore, sweeping away one grain of sand after another, so may each one of us by ceaseless exertion, encroach upon the ranks of the enemy and build up Democracy upon this "bank and shoal of time."

WHAT small matters are our indidividual grievances when cast in the scale against *principle*. Yet how few of us are philosophers enough to weigh the two fairly and abide by the decision of the balances.

WHO shall decide when doctors disagree? Thad. Stevens says all rebels ought to be put "in the penitentiary of hell." Horace Greely offers to go security for Jeff Davis in order to obtain his release.

MR. REPUBLICAN, do you belong to the Thad-ites of your party? If you do, vote for the hero of the Harper's Ferry spittoon, vote for Major General John Wiggle-waggle Geary.

THE OLD GUARD.—One of the most original, spicy and interesting monthlies that we know of, is the "Old Guard," published by Van Evrie, Horton and Co., and edited by the noted C. Chauncey Burr. It contains the most fearless and trenchant articles on the political lunacy of the day, and exposes with an unsparing pen the foibles and fallacies of the present rulers of the American people. It should be in the hands of every man who loves soundness of reasoning, boldness of speech and patriotism of the true and catholic sort, not, "cabin'd, cribb'd, confined," to any section or political class.

GODEY'S LADY'S BOOK.—We have before us the July number of Godey, and are constrained to say that it is an excellent one in every respect. The fashion plates are very fine, whilst the other illustrations, as usual in Godey, are in excellent taste and the highest style of art. The present is a good time to subscribe, as the July number begins a new volume.

PETERSON'S MAGAZINE.—Peterson's Ladies' National Magazine for July, is a superb number. The literary contents are of a superior order, as for instance, "The Queen of the Fairies," a very interesting and well written story and "The Soldier's Orphans," a continuation of a novelette by the celebrated Ann S. Stephens. The fashions and other illustrations are very fine. The July number begins a new volume, affording a good opportunity to subscribe.

IMPORTANT SOLDIERS' MEETING.

The Soldiers in the Field for President Johnson and Hiester Clymer.

An enthusiastic meeting of honorably discharged soldiers favorable to President Johnson and Hiester Clymer took place last evening at the public house No. 10 South Broad street, above Chestnut. General Wilson McCandless was elected President, and Lieutenant J. J. Sullivan was appointed Secretary. The President appointed Captain Powers, Private Samuel F. Cloak, and Private Charles Van Horn, a Committee on Resolutions, and they reported the following, which were adopted unanimously.

Whereas, A so-called "Soldiers' Convention" lately assembled at Pittsburgh, in Pennsylvania, under the pretense of expressing the opinion of the citizen soldiers of the Keystone State who have survived the perils of battle and returned to their homes, on the present condition of public affairs; and

Whereas, Said Convention, with some distinguished and honorable exceptions, was largely composed of "home-guards" and "head-quarter" guards, and quartermasters, and relieved officers, and some who had such respect for State rights that they did not believe in crossing the "State line;" and

Wheras, Justice to the rank and file who helped to do the fighting, and those officers who led their men to the front, demands that they should not be excluded from an expression of their opinion or betrayed by interested politicians into *voting against the cause for which they fought;* therefore

Resolved, That those soldiers who believe the late war was for the Union of all the States, and the Constitution is the Supreme law of all the States, and for which they took up arms; and who did not fight to alter our glorious form of government, or to give the *negro all the political and social rights of free white citizens*, and who believe President Johnson is anxious to secure for the people the *practical results* of the late victories won in the field, by restoring the States to their constitutional relations, preserving the Union, and defending the Constitution as Washington gave it to our fathers, and who are opposed to the action of the so-called Congress as revolutionary, anti-republican, and destructive of the general prosperity and happiness of the whole people—all such are invited to meet at Harrisburg on the—day of—— A. D. 1866, in convention, to express their opinions and *sign their names thereto.*

A committee of thirteen was appointed on pemanent organization whose duty it should be to report at next meeting.

After a few remaks in reference to the objects in question, the meeting adjourned until next Wednesday evening at same place.—*Age.*

—The Village National Bank of Bowdenham, Maine, was robbed on Thursday night of sixty-seven thousand dollars. The robbers followed the cashier to his home, gagged his family and placed a guard over them, and then took the cashier back to the bank, and after stripping the vault of the money it contained, locked the cashier up in the vault and left, it is supposed, for Canada.

THE CONSTITUTIONAL AMENDMENT.

Secretary Seward Transmits the Report of the Joint Committee to the State Executive---The President Advises its Rejection.

In the House of Representatives yesterday, the Speaker laid before the House the following message of the President, which was read and referred to the Committee on Reconstruction:

To the Senate and House of Representatives:

I submit to Congress a report of the Secretary of State, to whom was referred the concurrent resolution of the 18th inst.. respecting a submission to the Legislatures of the States of an additional article to the Constitution of the United States.

It will be seen from this report that the Secretary of State had, on the 16th inst., transmitted to the Governors of the several States certified copies of the joint resolution, passed on the 13th inst., proposing an amendment to the Constitution.

Even in ordinary times, any question of amending the Constitution must be justly regarded as of paramount importance. The importance is, at the present time, enhanced by the fact that the joint resolution was not submitted by the two Houses for the approval of the President, and that of the thirty-six States which constitute the Union, eleven are excluded from representation in either House of Congress, although with the single exception of Texas they have been entirely restored to all their functions as States, in conformity with the organic law of the land, and have appeared at the National Capitol by Senators and Representatives, who have applied for, and have been refused admission to the vacant seats.

Nor have the sovereign people of the nation been afforded an opportunity of expressing their views upon the important question which the amendment involves. Grave doubts, therefore, may naturally and justly arise as to whether the action of Congress is in harmony with the sentiments of the people, and whether State Legislatures, elected without reference to such an issue, should be called upon by Congress to decide respecting the ratification of the proposed amendment.

Waiving the question as to the Constitutional validity of the proceedings of Congress upon the joint resolution proposing the amendment, or as to the merits of the article which it submits through the Executive Department to the Legislatures of the States, I deem it proper to observe that the steps taken by the Secretary of State, as detailed in the accompanying report, are to be considered as purely ministerial, and in no sense, whatever, committing the Executive to an approval or a recommendation of the amendment to the State Legislatures or to the people. On the contrary, a proper appreciation of the letter and spirit of the Constitution, as well as of the interests of national order, harmony and union, and a due deference for an enlightened public judgment, may, at this time, well suggest a doubt whether any amendment to the Constitution ought to be proposed by Congress and pressed upon the Legislatures of the several States for final decision until after the admission of such loyal Senators and Representatives of the now unrepresented States as have been or may hereafter be chosen, in conformity with the Constitution and laws of the United States.

ANDREW JOHNSON,
Washington, D. C., June 22, 1866.

CLYMER'S PROSPECTS.

From all parts of the State, we continue to receive the most cheering accounts of the rapid progress our distinguished candidate for Governor is making in popular favor. In the strong Democratic districts, the people are for him to a man; and in the counties which have been hitherto carried by the Republicans, he is making great headway. The Democrats are united and cordial in his support, while thousands of conservative voters among the opposition, who are heartily sick of the destructive and revolutionary measures of the Radical Congress, openly declare their intention to go for him, as the best means of administering an effective rebuke to the Stevens and Sumner cabal of disunionists,—Every where the name of CLYMER stands high in the confidence and affection of the people, and wherever he goes, he is greeted with the heartiest enthusiasm.

On the other hand, his opponent, GEARY, is as a dead weight upon the party that nominated him. His name awakens little interest, and kindles no warmth in the popular heart. Even among the soldiers, for whose votes his nomination was intended as a bait, he meets with poor encouragement.—He has no military glory to attract them to him, and they have no confidence in his administrative abilities as a civilian. The organization of Soldiers' Clymer Clubs in almost every county, shows that "the boys in blue" prefer an honest and capable statesman to a paper General who never won a battle. With no Provost Marshals to intimidate voters at home, and no soldiers in the field to be tampered with by their superior officers, CLYMER'S election by the unbiased verdict of the people may be considered a sure thing. He will undoubtedly poll the full vote that was given to GEORGE W. WOODWARD in 1863, and *that vote will elect him by a majority of at least twenty thousand.—Reading Gazette.*

—Judge Thomas, of the Seventh Circuit Court of Virginia, was indicted by the United States Grand Jury at the recent term of Judge Underwood's Court at Richmond, for refusing to admit the testimony of negro witnesses on the ground that he must be governed by the laws of the State of Virginia in such cases, and not by the laws of United States.

—Two additional cases of cholera are reported at New York, neither of which, however, terminated fatally.—At Elizabeth, New Jersey, there was great excitement in regard to the disease, five distinct cases of cholera having occurred within twenty-four hours.

—A "colored" millionaire, announced as the Duc de Bonton qui Perce, is in Paris. He is the wealthiest of the ex-Emperor Soulouque's ebony courtiers. His fortune is stated to be seven millions; and a splendidly decorated and furnished hotel has been prepared for him in the Avenue de l'Imperatrice.

—Governor Brownlow, of Tennessee, has issued a proclamation convening the Legislature of that State to consider and pass upon the Constitutional amendment recently adopted by Congress.

—Upwards of 900 miles of the new Atlantic Telegraph cable has been stowed on the Great Eastern. It is found that the ship will not be able to take the 2,700 miles on board.

—Show but a strip of white stocking above your boot, or a bit of embroidered skirt, or a Balmoral, and you may lead a man by the nose.—[*Fanny Fern.*

—Mr. Moses Strauss, of Brooklyn, New York, on Monday morning forgot his pistol, which he usually keeps under the head of his bed at night, and his wife on making the bed tossed the pistol on the floor; causing it to explode, and instantly killing their little child, who was sitting near at the time.

—There is some feeling in Worcester (Mass.) because a little freed girl was refused admission to a singing school there on account of her color. That music teacher has evidently got his ideas of chromatics mixed up.

—A man in New York has raised one hundred thousand young trout, which he has sold at $55 per thousand for stocking streams and ponds. This is doing the small fish business on a large scale.

—A company has been formed to bring into practical use a spiral-fluted nail, recently invented in England.—The nail revolves as it advances, when driven, and thus holds as tenaciously as a screw.

—The Emperor Napoleon is restoring the garden of the Cæsars' palace, in Rome, on the most extensive scale.—Possibly he hopes to dig something out of it for his fourth volume.

—Two young girls in Memphis tried to frighten a companion by holding her on the railroad track as a train was approaching. The fright didn't kill her, but the engine did.

—It is reported from New Orleans, on the authority of a correspondent at Vera Cruz, that the yellow fever is raging in that city fearfully and fatally.

—The New York *Tribune* in speaking of Gen. Scott, says: "He was an old line Whig, though he had a *holy hatred* of Abolitionists." That was certainly one of the best, if not the *very best*, trait in his character.

—Indiana, it appears, has followed the example of Pennsylvania in making preparations for the reception of the battle-flags of her troops on the 4th of July.

—An editor, in Arkansas, was lately shot in an affray. Luckily the ball came against a bundle of unpaid bills. The bullet could not go through them by a long shot.

SHEEP VS. BORERS.—A N. H. farmer has discovered that his orchard in which his sheep were pastured was free from borers, and other noxious insects, and very thrifty, while an adjoining orchard in which no sheep were allowed, was neither thrifty or empty from these borers and insects.—He thinks the odor and presence of the sheep drive off the insects.

SPECIAL NOTICES.

Cholera, Diarrhœa, and Dysentery!—A cure is warranted by Dr. Tobias' celebrated Venitian Liniment, if used when taken by persons of temperate habits. This medicine has been known in the United States over 20 years. Thousands have used it, and found it never failed to cure any complaint for which it was recommended and all those who first tried it, are now never without it. In the Cholera of 1848, Dr. Tobias attended 40 cases and lost 4, being called in too late to do any good.

Directions.—Take a teaspoonful in a wine-glass of water every half hour for two hours, and rub the abdomen and extremities well with Liniment. To allay the thirst, take a lump of ice in the mouth, about the size of a marble every ten minutes. It is warranted perfectly innocent to take internally. Sold by all druggists, price 40 and 80 cents. Depot, 56 Courtlandt st., New York.

A Single Box of Brandreth's Pills contains more vegetable extractive matter than twenty boxes of any pills in the world beside; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life.

Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in Head, Heartburn, Pain in the Breast-bone, Sudden Faintness and Costiveness. Sold by all respectable Dealers in Medicines. POOR BEDFORD!—All our hopes of a speedy completion of "the railroad to Bedford," have vanished into thin air. It is really too bad. Not only are Republics ungrateful, but "Republicans" don't care anything about railroads or railroad candidates. Hadn't we better "sell out and leave?" Who would spend a life among such a people, even if they were "loyal" and hate Andy Johnson? We had fondly hoped that a candidate standing on a railroad platform would certainly do some fast running, especially when he engineered the locomotive himself and had a cow-catcher on the engine that was big enough to pick up and carry all the calves in the community. But we have been disappointed. All the railroad men are cruelly disappointed. Tom. Scott will have things his own way one year longer, and Diehl and Dibert will still carry the mail to and from Mt. Dallas. And all this because the "Republican" party has refused to get upon the railroad platform with the railroad candidate, *par excellence*, for the Legislature. That party is too slow; it can't come to time; it doesn't believe in cars and T rail; it prefers the howl of Wendell Phillips to the roar of the locomotive; it thinks its editors ought to stay upon the platform of the State Convention, instead of trying to ride into office on a railroad platform: it believes, too, "when the cars are in motion passengers must get off the platform." And hence, our railroad candidate has been slaughtered in the house of his friends. Ungrateful Republicans!" Short-sighted Conservation! Where is your blush?

BASE BALL MATCH.—The Juniata Base Ball Club of this place, having divided its players into two *nines*, for the purpose of practice, several very interesting games have lately been played. Some time ago the first nine thrashed the second most unmercifully, making a score of nearly two to one. This defeat aroused the second nine to the necessity of better playing, and accordingly, on Tuesday last, they played another match with the first nine, beating them by one point. The score stood as follows:

FIRST NINE.	O.	R.	SECOND NINE.	O.	R.
Alsip, 1b.	0	9	King, 1b.	2	9
Lewis, 2b.	1	9	Meyers 2b.	1	9

FESTIVAL OF THE M. E. MITE SOCIETY.—The festival of the M. E. Mite Society, held in the Court House, last week, was quite a success. The Democratic and "Republican" brass bands discoursed most eloquent music, whilst the visitors refreshed themselves with ice-cream, lemonade, cake, &c., &c.

FOURTH OF JULY AT THE CHALYBEATE TROTTING PARK.—Independence day will be celebrated in grand style at Col. Hafer's Chalybeate Trotting Park (called "race course," in mistake, in our last.) A dinner will be served up at the house of W. Chenoweth, Esq., and that it will be perfectly *au fait*, we have no hesitation to prophesy. The Declaration of Independence will be read and Prof. Heffley's band will be in attendance and enliven the occasion with their best pieces. In the evening there will be dancing, and, we doubt not, every thing will go merry as a marriage bell.

"THE CLIMBER."—The "Campaign Climber," is now ready for distribution. We print a large edition this week for distribution, in order to give our friends an idea of what the paper will be. Let every one who receives a copy interest himself in getting up a club. The "Climber" will have some of the best humorous illustrations ever given in any paper, and will also contain portraits of President Johnson and Hon. Hiester Clymer.

MENGEL HOUSE.—The gentlemen of the Mengel House have made great improvements in their hotel. The bar-room has been newly papered, the parlors re-carpeted, and other important renovations made. The bar is said to be filled with choice liquors, but as *ye Local* never drinks, he can't say, except that he has *seen* some very inviting cobblers, juleps, *et id omne genus*, disposed of under the supervision of Col. Edsall, the attentive and gentlemanly barkeeper.

When you put away your cloth,

And entirely destroy his nest,

Go to Lewis' Drug Store, purchase a package of Cedar Camphor, which is certain death to the insect. Those wishing Mishler's Bitters, can now find them at Lewis' Drug Store.

NO PAPER NEXT WEEK.—In accordance with the almost universal custom of newspaper publishers, and in order to give our employees a "Fourth of July," there will be no paper issued from this office next week.

FIRE.—A fire occurred in the rooms of Mrs. H. Ogle, at the Washington House, one night last week, by which the unfortunate lady lost a great deal of clothing and was, herself, severely burnt about the hands.

STEAM MILL.—The Messrs. Hartley have put up the frame of their new Steam Mill, in the eastern part of town, and will proceed to the completion of the building as rapidly as possible. The Mill will add considerable to the business and activity of our ancient borough.

REAL ESTATE SOLD.—T. H. & N. J. Lyons have sold one of their farms in St. Clair township, to Jacob Beckley, Esq., for three thousand dollars. They offer for sale a number of farms near and adjoining it. See advertisement.

STORES CLOSED ON THE FOURTH.—We have been requested to state that the stores in this place will be closed on the Fourth of July.

FESTIVAL.—A Festival will be held in the Court House, on the evening of July 4th, by the ladies, for the benefit of the Presbyterian church.

Horrible Butchery.

YORK, Pa., June 19—A horrible tragedy was enacted on last Sunday evening near Rossville, fifteen miles from this place, in which a family were hurried into eternity by the fell assassin's hand. The occurrence took place at the house of Mr. George Squibbs; which is situated in a secluded spot in Warrington township, and resulted in the death of Mr. Squibbs, aged 72 years, and his grand daughter, Emma Jane Selfirt, aged 11 years. Mrs. Squibbs being left in a dying condition. From an examination of the wounds inflicted it is supposed that the weapon used was a hatchet, or some similar instrument. Money is believed to have been the object of the murder. An Irishman named Donovan, living in the vicinity, has been arrested, and the circumstances point strongly toward him as the perpetrator of the foul deed.

The community are intensely excited over the horrible affair, which resembles closely in many of its features the Bearing murder which took place so recently in Philadelphia.

BITTER WINE OF IRON.—An exquisite impregnation of dry Spanish Wine with the activity of Calisaya Bark, and the most energetic of all the ferruginous salts, Citrate of Magnetic Oxide of Iron. It has a vinous flavor, very grateful to the palate, is without chalybeate taste and will not discolor the teeth.

It excites languid appetite, gives zest to food, improves digestion, increases the strength, steadies the circulation, takes off muscular flabbiness, removes the pallor of debility, gives firmness and precision to the action of the nervous system, with power to endure fatigue and resist disease.

Magnetic Citrate of Iron is new and peculiar, differing from the ordinary Soluble Citrate, in containing an equivalent of Protoxide of Iron, in place of the Ammonia. It is neutral, tasteless, without astringency, as prompt and energetic as the Chloride, and unlike that, induces no local inflammatory action or headache.

Calisaya Bark is pre-eminent among vegetable tonics, has no equal as a strengthener or restorative, nor rival as an anti-periodic. Retail in $1 and $2 bottles, Quarts and Gallons for dispensing.

REASONS WHY THE
AMERICAN WATCHES,
Made at WALTHAM, Mass.
IS THE BEST.

It is made on the best principle. Its frame is composed of solid plates. No jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty, as well as for its effectiveness) and is therefore properly made. The watch is what all mechanism should be—accurate, simple, strong and economical. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "anchres," "lepines" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise, more than ten years ago, it was our first object to make a thoroughly good low-priced watch for the million, to take the place of these foreign impositions—the refuse of foreign factories—which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this may be understood from the fact, that after so many years of public trial, we now make more than half of all the watches sold in the United States, and that no others have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very highest grade known to chronometry, unequalled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main buildings expressly for this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used and we challenge comparison between this grade of our work and the finest imported chronometers. We do not pretend to sell our watches for less money than foreign watches, but we do assert without fear of contradiction that for the same money our product is incomparably superior. All our watches, of whatever grade, are fully warranted and this warrantee is good at all times against us or our agents in all parts of the world.

CAUTION—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

The Spring Quarter of this Institution will open *TUESDAY, APRIL* 10th, 1866.

This Institution is very pleasantly situated in Friend's Cove, 8 miles from Bedford, the terminus of the Huntingdon and Bedford Rail Road, and 24 miles from Cumberland, a station on the North Central Rail Road. Rainsburg is a small, quiet, and exceedingly healthy town in the midst of beautiful scenery, and sufficiently removed from the influence of large towns and cities to render it a most desirable location for a Literary institution. Its inhabitants are moral and religious, and there are few temptations to vice, idleness or dissipation; situated in a rich agricultural section, this Institution for Young Ladies and Gentlemen, is decidedly the *cheapest* in the country. It is organized on the most approved plan of the best Institutions of the land; its main object is, to impart *sound learning*. All branches, Scientifical, Classical and Ornamental, taught. The mental and moral culture are carefully attended to, and (without sectarian prejudice) a due respect for religion is inculcated both by precept and example. may11.—1y.

MISHLER'S BITTERS
WILL
CURE ALL DISEASES OF THE SKIN!

Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases. Under this head may be classed—

1st. Scrofula.—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by *vice*. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorhœa or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, it is changed it only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed to be scribed in the Book of Books. "I will visit the iniquities of the Fathers upon their children."

To cure this dreadful complaint, it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics. Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating medicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that

Mishler's Bitters will Cure all Kinds of Scrofulous Diseases.

It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will cure Scrofula.

2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflicted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a *permanent cure*.

3d. Salt Rheum.—Salt Rheum is a vague, indefinite, though popular term given to almost all the non-febrile eruptions of the skin which afflict adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smarting, tingling sensation, with a tendency to creep or spread over the adjoining surface. Mishler's Bitters are a sure cure for this disease.

4th. Pimples and Blotches.—Pimples and Blotches on the skin are always a sure sign of impure blood. Although never dangerous, except in cases of carbuncles, they are very disagreeable.—Often we will see the most handsome features rendered hideous by great blotches and pimples, and instead of the pleasing look which should irradiate the human face we see nothing but disgusting corruption; for pimples and blotches are nothing but the corrupt accumulations of the system exuded through the medium of the skin. The use of Mishler's Bitters will force these corruptions to be discharged through the natural channels, and has cures all kinds of pimples and blotches. Ladies who desire a fair complexion, free from pimples should bear this fact in mind.

ON SATURDAY, JANUARY 6, 1866, Messrs. TICKNOR & FIELDS began the publication of a weekly journal entitled

EVERY SATURDAY:
A JOURNAL OF CHOICE READING,
SELECTED FROM FOREIGN CURRENT LITERATURE.

Much of the best literature of the day is found in the English and Continental magazines and periodicals; and it is the design of the Publishers of this new journal to reproduce the choicest selections from these for American readers, in a form at once attractive and inexpensive. The publishers believe that such a journal, conducted upon the plan which they propose, will be not only entertaining and instructive in itself, but interesting and valuable as a reflex of foreign periodical literature of the better class.

EVERY SATURDAY is intended for town and country, for the fireside, the seaside, the railway and the steamboat. Its plan embraces Incidents of Travel and Adventure, Essays Critical and Descriptive, Serial Tales, Short Stories, Poems, Biographies, Literary Intelligence, etc., in connection with judicious selections from the admirable popular papers on science which are constantly appearing in foreign periodicals. The value of these papers arises from the fact that scientific subjects, however harsh and dry in themselves, are here treated in so graphic and picturesque a style as to charm the reader while instructing him.

It will be, in short, the aim of its publishers that EVERY SATURDAY shall commend itself by its freshness and variety to all classes of intelligent and cultivated readers.

EVERY SATURDAY will contain each week thirty-two large octavo pages, handsomely printed in double columns, with an engraved title.

TERMS.

Single Numbers, 10 cents.
Subscription price $5.00 per year, in advance.

MONTHLY PARTS will be issued, containing 128 pages each, handsomely bound in an attractive cover, price 50 cents. Subscription price, $5.00 per year, in advance.

1866. MAKE UP YOUR CLUBS.
THE NEW YORK NEWS,
The only Recognized Democratic Newspaper published in New York,
DAILY, SEMI-WEEKLY, AND WEEKLY.

TO THE PUBLIC.

THE NEW YORK NEWS has battled against despotism for four years of blood and terror in assertion of the sanctity of the Constitution. A patriotism sufficiently broad to embrace both sections has been its only guide, and it refers now with honest pride to its record to show that it has not turned to the right or the left under all the violence of adult ity power.

True to its principles as THE NEWS has been through the reign of terror, it challenges public confidence in its honesty and independence for the future.

The political transition of the present day opens to THE NEWS a new and wider field of usefulness. Standing now as it always has, on the inviolability of the Constitution, according to the interpretation of the strict constructionists, it presents a rallying ground for all, in both sections, who are friends of a generous conservatism. As a true and tried exponent of sectional amity it occupies a position which makes it the fitting mediator in holding up to the party of order in both sections, interests and principles that gave breadth and vitality to their alliance. As an intersectional agent, devoted to freedom of election, to trial by jury, to the sanctity of the habeas corpus, and opposed now, as for four years of terror it has been, to the centralization that dares to trample on the rights of States North or South, THE NEWS places itself as a candidate for support before the great body of this once free people.

The circumstances of the moment make the dissemination of the principles of THE NEWS a duty of individual patriotism. Every man who concurs in its doctrines must if he be certain a true sense of freedom, do so in no spirit of indifference, but rather with the earnestness of a high trust. Justified, nay bound in his love of liberty to do so, the proprietor places the canvass he makes here of the public generally in the hands of those men who give him the approval of their conscience as his individual agents. Every reader of the THE NEWS cannot avoid the conviction of duty which is here pointed out as the ground of the request, that he urges his claims for a wider support upon all of his friends and neighbors who give their earnest sympathies to the cause of "strict construction," intersectional conciliation, and all the rights of the citizen under the system set up by our fathers and liberty regulated by law. The proprietor of THE NEWS calls, therefore, upon true and good conservatives throughout the country to discharge, to their conviction of political right at this great crisis in the country's fortunes, the duty of giving to the influence of his paper, daily, semi-weekly, or weekly, the wider power for good which it seeks here through the service of its individual supporters.

FROM THE
LARGEST
MANUFACTURING CHEMIST
IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WM. WEIGHTMAN,
(Firm of Powers & Weightman,)
Manufacturing Chemists,
Ninth and Brown Streets, Philadelphia.

[*From the Philad'a Evening Bulletin, Mar.* 10.]

We are gratified to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 28 feet front, 230 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

GENUINE PREPARATIONS,

And, knowing that the intelligent refrain from using any thing pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare pharmaceutical preparations.

to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates.

The Science of Medicine stands SIMPLE, PURE, and MAJESTIC,—having Fact for its Basis, Induction for its Pillar, Truth alone for its Capital.

A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised remedy, unless its contents or ingredients are known to others besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.

SHRINERS BALSAMIC COUGH SYRUP.

For Coughs, Colds, Croup, Whooping Cough, Asthma, Bronchitis, Spitting of Blood, Pain and Weakness of the Breast, Difficulty of Breathing, &c.

This is no new remedy. It has been used for a number of years in Maryland and Pennsylvania, and has, wherever known, acquired an unprecedented reputation for curing the various diseases for which it is recommended.

So apparent is its usefulness, and so remarkable has been its cures, that it is fast superceding every other remedy for those diseases. The afflicted rely upon its doing as much for them, and in many cases more than any other remedy now before the public.

It is recommended and prescribed in the practice of a large number of the most intelligent and able physicians of Maryland. It
